Good morning Aram,

Just to share an update from this morning.

The concentration of homeless tents have diminished and looks like it spread out on North end of Marathon.

Lapd was called again this morning as one was urinating on sidewalk facing lot 1 and there was a shopping cart blocking sidewalk passage way. They should be arriving before 10.30am to survey.

Case #1328

Can they put signs on Marathon and Vermont to redirect them? Further, I am still exploring a viable shelter option. Many do not have space available.

I will advise any notable updates.

Thanks very much.

Dear Aram,

Hope your having a good week.

Thanks for your voicemail, I tried to call you and left a message.

I also appreciate next Tuesday as being a planned date for making a cleaning round on Vermont and Monroe. I'll await to hear back on the final word and may be there with you.

As for status touch points..

How about we schedule 1st and 3rd Mondays 11-11:30am starting 10/21 to collaborate and share updates, joint status and proposed next steps. Others may join or I may represent their updates.

We can use the conference dial-in:

PIN.

Thanks,

Bryan

Mr. Kim,

Below is the steps we go through with all homeless encampments. There is not a specific timeline for the process. It all depends on each agency. We do not have an internal report, other than the one I sent you previous on how we address them.

- Reported to BSS
- BSS assigns investigator to the site who visually inspects the site
- BSS contacts LAHSA
- LAHSA conducts outreach and offers services
- LAHSA makes second visit
- LAHSA signs off
- Public Works signs off
- Sanitation allocates days to Council Offices
- Sanitation posts at the site 72 hours prior
- Council Office coordinates LAPD

Mr. Sean,

Good to speak with you. This is helpful. Can you please forward the policy and procedure documentation along with the timeline for clearing the homeless from the discussed area? Thank you. Do you have an encampment report internally or one for the general public or building owner on what they need to know or can do to alleviate this ongoing issue? Thank you.

Mr. Kim,

Sorry the call was disconnect.

Attached is a PDF on how the city currently is addressing a Homeless Encampment.

Currently the City Council is working on legislation that will help alleviate the problem. Municipal Code 56.11 is what the Council is currently working on. I have attached a little about the Code. Once it become law it will help us in permanently reducing the problem.

Please do not hesitate to email or call us with any questions you may have. We know it is frustrating experience having these encampments in our community.

Please let me know if it starts up again at any level.

Bryan,

Happy to be able to help with the situation and LAPD has been great on these matters, also. But, there's no need for lunch and I must respectfully decline the invitation at this time. I'm sure you understand.

Best Regards,

Dear Aram,

I do understand. We only wish to express our gratitude. Perhaps we can schedule a future lunch gathering with Councilman Mitch in the future.

How would one give credit or recognition for great work in your department?

Should this materialize, I would be happy to inform. Thank you again.

Would you know names of officers who helped clean up today?

Thanks very much.

Hi Bryan,

We can work with David Cano to set something up in the future.

The officers who helped us and do so throughout the area are Senior Lead Officer Matt Zeigler, Senior Lead Officer Vic Gutierrez, Sergeant Miller and his team – all from the LAPD Rampart Division.

Thanks

Agreed, I will contact David Cano and advise.  
Thank you for the names of officers I will follow up with.

Yes, we would be interested to attend. Would there be a website or further information as I can invite others surround the area of Vermont/LACC & Marathon.
